

Brent Knoll Primary School

Newsletter

FRIDAY 9th December 2022

Dear Parents/Carers Next week's final newsletter of the term will share all the news of our Christmas festivities, but for this week, on behalf of the whole school, I would just like to wish Volodymyr and Myroslava (and their mum) all the very best as they return to their home in Ukraine after having spent the last few months in Brent Knoll. We will really miss them both and we all wish them a safe and happy future in a free and peaceful Ukraine. Kind regards **Chris Burman**

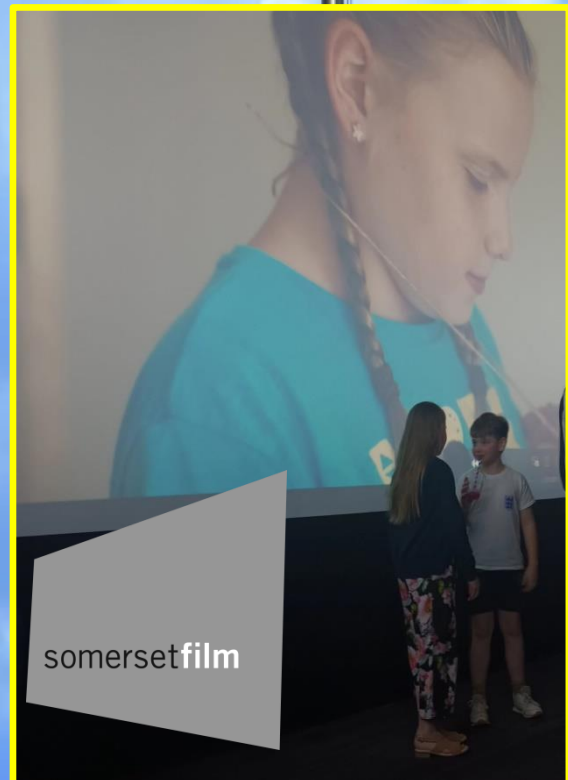

Pegasus Class members have been busy learning new baking skills this term, photo above. The children have designed, produced and evaluated their bread recipes, with some great results. A combination of ingredients was added to the doughs to produce some unique flavours.

Poppy in Pegasus Class has been at the forefront of two artistic events this week. On Thursday, she and Theo (Y4) took centre stage at Scott's Cinema (photo right) in Bridgwater as they had both acted in a short film that was premiered on the evening as part of the 25th anniversary celebrations of **The Engine Room***. On Saturday morning, Poppy and friends then sang to the visitors at St. Michael's Christmas fete (photo left).

We hope all the children who came back to school last Saturday enjoyed their day. All the staff present on the day had given the time voluntarily, so the event has been a successful fundraiser as well. We would be interested to know if there was demand for other occasional holiday clubs, perhaps on an art or forest school theme.

Unicorns and Pre-school Nativity will be in the village hall next Wednesday morning, the 14th, with the performance starting at 10.30. Doors will open just after 10 am.

At 6.30pm next Wednesday, KS2 will be presenting their carol service and Christingle in St. Michael's church. The Christingle is always a lovely thing to be part of, so please do come along. The service is open to all and refreshments will be served beforehand.
