

Dear Parents/Carers: The festive season is already underway and to start us off, the school choir will be performing in Burnham tomorrow afternoon, prior to the turning on of the town's Christmas lights. Earlier in the day, four of our best Y6 mathematicians - Lily, Arthur, Isla and Henry - will travel down to Wellington to take part in the annual Maths Challenge which, this year, has a total of sixty teams. Good luck to everyone who is representing our school tomorrow. Regards Chris Burman

The members of Key Stage 1 enjoyed a trip to Bristol last week, as part of their Geography topic on comparing our home town with a large city. Whilst there were definitely lots of things to contrast between Bristol and Brent Knoll, there were also many similarities, such as the familiar faces of cows visited at the Windmill City Farm (photo right). Many thanks to our parent volunteers who came along and made the trip possible.

Another busy session for the cookery club this week saw Alice (L), Daisy (R) and friends create trays of tasty festive mince pies!

Our Christmas events are imminent: Film Night on the 30th November; Festive Wear Day on December 7th; Nativity and Christingle on the 14th and Christmas lunch on the 15th. Please ask if you need to be reminded of any of the details of the events being held over the next few weeks.

Well done to Y5 for continuing to having the best attendance so far this year. Please remember that the school gates open at 8.45am, but children arriving before this time still need to be considered in the care of parents. Children arriving after 9am are considered to be late and when arriving after 9am would have already missed their morning task as well as their teacher's introduction and welcome to the day.
